S22B150N

SAMSUNG

Vivid viewing and Eco Saving energy conservation

SB 150 Series

With its outstanding eco credentials the SB150 series is an obvious choice for customers who demand an innovative yet eco sensitive viewing experience.

Flexible viewing technology ensures the user always sees the full picture from just about any angle. Add to this impressive Magic bright technology and eco saving mode and you have all round monitor performance coupled with features you'd expect from much higher priced models.

Eco Saving

Eco saving makes saving energy easy. It adjusts the brightness of your Samsung monitor based on how much energy you want to save.

Magic Angle

Whether you're standing, sitting or lying down, Samsung's Magic Angle makes sure that the image always takes center stage as if viewed face-on.

Magic Bright 3™

Control your screen's display with just one click. MagicBright 3™ automatically optimises brightness, contrast and gamma correction, based on the mode you choose.
